

# Memorandum of Completion and Compliance

## Installation of Shadowclad

Page 1 of 2

**Building consent application number:** .....

**This statement is issued by:**

.....

**To:** Gisborne District Council

**In respect of:** .....

**At [address]:** .....

.....

**Complies with plans from:** ..... [design firm],

**engaged by** .....

**In respect of** Carter Holt Harvey's Shadowclad plywood cladding and clauses B1 and B2 of the NZ Building Code Compliance Documents for the installation of the Shadowclad plywood in building consent number \_\_\_\_\_ [please supply consent id].

The Shadowclad used for this project was

- Shadowclad natural      or       Shadowclad ultra

I confirm that the cladding has been installed on to the framing using the

- direct fix method      or       fixed on a 20mm cavity

and has been installed in accordance with the manufacturer's requirements – including:

- cut edges have been **brush** sealed with metalex
- the aluminum / stainless steel [strikeout if not applicable] flashings have been installed at the top of sheets and on corners.

I have read and understood the advice below<sup>##</sup> that was attached to the above building consent, and state that I have:-

- Followed this advice note in full
- Followed this advice note only to the extent required by the Shadowclad specifications – brush coated metalex site cut edges only.

<sup>##</sup> Advice Note: Please note that the Shadowclad installation requirements specify that all site cut edges are brush painted with metalex for durability. Gisborne District Council (GDC) have noted that some contractors are pre-painting the entire sheets (with the house colour) before installation. This pre-painting extends to an area around the rear perimeter of the sheet edge for a distance of 50 to 100mm. GDC views this as good practice.

...continued overleaf

I have sighted the issued building consent and read the conditions. As the contractor/builder I can confirm that the building works have been carried out in accordance with the requirements of the New Zealand Building Code, the conditions of the building consent, the design drawings and specifications and in accordance with the listed variations (if any).

I understand that if this statement is accepted, that it may be used to verify that the building work

All or  Part only as specified in the attached particulars,

the subject of this building consent meets, **based on reasonable grounds**, the requirements of this building consent and the requirements of the building code in respect to clauses B1, B2, ..... of the building regulations 1992.
