

Waste Minimisation Fund

Putea Moumou Kore

Why has Gisborne District Council got a Waste Minimisation Fund?

- A community contestable Waste Minimisation Fund is one of the actions identified in the Gisborne District Council's Waste Management and Minimisation Plan 2018-2024 (WMMP), for how Council intends to work towards the vision, goals and objectives of the WMMP.
- The purpose of the Council's Waste Minimisation Fund is to minimise waste by providing support for local initiatives.
- The Fund is for trialling or supporting new waste minimisation initiatives rather than giving ongoing support for operational activities.
- Council has an important role to encourage communities and businesses to reduce the amount of waste generated and disposed of and reduce the environmental harm waste can cause. This role is recognised – and legally formalised – in the Waste Minimisation Act 2008.
- Council recognises that some of the best ideas and deliverers of waste minimisation projects are within our community.

How does the Fund work?

- Gisborne District Council administers the contestable Waste Minimisation Fund.
- To apply for funding complete the Application Form and return to Council's Waste Minimisation Facilitator.
- The maximum funding that can be applied for in one application is \$10,000 (excl. GST).
- You need to include budget information that outlines the total cost of your project and the specific items for this funding.
- If your application for funding is successful, you will be required to sign a Funding Agreement.
- The assessment criteria is guided by the vision, goals and objectives of Council's Waste Management and Minimisation Plan 2018-2024, and applications will be assessed by the extent to which the projects can demonstrate:
 - likelihood of success
 - reduction of harm to the environment
 - reduction in the volume of waste disposed of
 - economic, environmental, social or cultural benefits
 - longer term benefits after the completion of the project

Recognising Gisborne District Council

- If you receive Council funding for your project, Gisborne District Council's support must be recognised in all promotion of the project.

Reporting the project

- You will need to submit interim and final reports to be eligible for project funding.
