

Application for Transfer of Water Permits

Section 88 of the Resource Management Act 1991

! Please answer all the questions and provide the relevant details of your proposal. We recommend you talk your proposal through with our water conservation staff before you fill in this form.

You must attach a copy of the water permit to be transferred.

Please refer to the Fees and Charges Schedule as per the website for transfer fees. There may also be an additional charge if the existing discharge permit is not attached or additional work is required (this will depend upon time taken).

1. Permit holder's details

Must be the owner/occupier of the site in respect of which the permit is granted.
