I support the application to build stop banks[†] to potential mitigate further flooding of the Te Karaka township.

Meanwhile, because of the flooding caused by Gabrielle + the damage it ~~caused~~ to my property at 30 Toapa Rd Te Karaka.

I decided to build either a garage or a carport or both. However, when I approached AMI Gisborne (my current house insurer) about insuring these 2 structures. My request was denied because my house + property is categorised as a Category 2 Flood risk. My online ~~app~~ application to Tower Insurance Auckland was also denied for the same reasons as A.M.I. Gisborne.

Furthermore, these two denials by both insurers ^{raises} the questions around the ^{impact on the} valuation of my property. ~~Do the building of~~ Do the building of the stop-banks mitigate these questions?
