Position on application

I oppose the application

Clearly state which parts of the application you support or
oppose or wish to have amended:

The proposal may result in changes to flood behaviour in some
areas outside the proposed flood protection scheme. This poses
a risk to key infrastructure and livelihood of residences who use
this daily.

The reason for making my submissions are (briefly describe
the reasons for your views):

opposing the design of the stop bank due to its impact on
critical infrastructure being Rangatira and Kanakania bridges.

I wish the Gisborne District Council to make the following
decision (give details, including nature of any conditions
sought):

Additional work included to ensure key route access is still
available in flood events and that a full investigation is done into
the impacts on the surrounding areas from the proposed
changes to the stop bank specially the kanakanaia road and
bridge access.
