Includes Coastal Permits

Brief description of proposed activity

Reclamation of coastal marine area
Repair of existing seawall structures
Capital and maintenance dredging and disposal
Extension of Berth 8 and associated support works
New stormwater system for southern logyard

Position on application

I oppose the application

Clearly state which parts of the application you support or oppose or wish to have amended:

Rongowhakaata Trust (RIT) oppose the Twin Berths proposals in their entirety. We also support Mr Waipara's submission, attached here.

The reason for making my submissions are (briefly describe the reasons for your views):

The Twin Berth proposals include the following effects:
RMA s6: The proposals will not recognise and provide for the matters embodied in this section of the Act, and specifically those that are of importance to Rongowhakaata including s6e the relationship of Maori and their culture and traditions with their ancestral lands, water, sites, waahi tapu, and other taonga.
RMA s7: The proposals do not have particular regard for the matters embodied in RMA1991 s7, in particular s7a kaitiakitanga.
RMA s8: The proposals do not take into account the principles of Te Tiriti/The Treaty.

I wish the Gisborne District Council to make the following decision (give details, including nature of any conditions sought):

We wish GDC to decline the consent, allowing EPL and RIT and Mr Waipara an opportunity to discuss further the matters referred to above.

I wish to speak at the hearing in support of my submission

Yes

Would you consider presenting a joint case with others who have made a similar submission?

Yes
