

Author: Gemma Reedy STMS #133308 **TMD #:** 13a **Location:** Cycle Events

Prementent speed limit: 50kph/70kph

Comments:

- 1) TMD 13a & 13b will be installed for the duration of the event.
- 2) Lead STMS to maintain all signage and manage event traffic in and around event with assistance from traffic controllers/spotters on site.
- 3) Cyclists will depart from a designated area by Kiwa pools and will cycle on the carriageway as far left as safely possible
- 4) Turn around pint will be at the carpark located just past the Pacific Street Intersection.
- 5) A spotter/event staff member/crew will be located at the carpark turnaround point to ensure cyclists can safely enter back onto Centennial Maine Drive.
- 6) Pace vehicles can be utilised to safely slow vehicles through the event area when needed.
- 7) Repeater TSL and cyclist ahead signage will be installed along the course.
- 8) At the end of the event all static TTM will be safely removed.
